Welcome to the Maryland Population Research Center

"Drawing together leading scholars from diverse disciplines to support, produce, and promote population-related research of the highest scientific merit."

Hoffmann with focus group in Bihar, India

Sandberg, left, with interview team

MPRC researchers focus on international as well as domestic issues. Vivian Hoffmann (left) is currently working on a two year project funded to explore women's impact on sanitation in underdeveloped countries. Jack Sandberg (right) is beginning a long term study of social network behaviors in Niakhar, Senegal.

Research Themes

Gender, Family, and Social Change

Social and Economic Inequality

Health in Social Context

People and Place

The Center's research focuses on four key areas: Gender, Family, and Social Change; Health in Social Context; Social and Economic Inequality; and People and Place. Learn more about the types of projects being conducted in these thematic areas by clicking on one of the research profiles above.

MY SYSADMIN

ABOUT YOU

- You have **a lot** of stuff to do that's not related, even remotely, to web development
- You don't have access to a designer
- You may know enough about development to be dangerous, maybe enough to know this is the case
- Your SysAdmin, while not openly hostile, has no time for you

CMS PAIN

• Where is my page ?

The screenshot shows a WordPress CMS interface. The left sidebar contains a menu with 'Tools', 'Settings', and 'Photo Albums'. The main content area displays a list of pages. The user is looking for a specific page but cannot find it.
